1. Target market for this product

Target Market

The retail clients for whom this product has been designed are individuals who:

- want a term loan to finance or refinance the acquisition of residential property for the purpose of it being used as a residential investment;
- want to pay only the interest for a specified period at the start of their loan (up to five (5) years), after which they want to pay principal and interest for the remaining term (maximum total loan term is 30 years);
- want certainty of a fixed interest rate and fixed repayments for a fixed rate period, with limited ability to make additional repayments without incurring an extra charge;
- may want access to other features and benefits (such as a linked offset account);
- can afford the loan; and
- can provide the residential property as security for the loan.

Product Description

AWA Alliance Bank-branded Residential Investment Interest Only Home Loan (Fixed Rate) is a term loan (up to a maximum term of 30 years) which is used to finance or refinance the acquisition of a residential investment property. Retail clients only have to pay interest charges for an initial period (up to 5 years) after which they then have to pay principal and interest for the remainder of the loan term. A fixed interest rate also applies to the home loan for set period. At the end of that fixed period, the retail client can set a new period (however, if this is not done the home loan will automatically convert to a variable interest rate). Retail clients have limited ability to make additional repayments without incurring early repayment costs. Retail clients can also access other features.

Product key attributes

The key attributes of this product that make it likely to be consistent with the target market described above, include:

| Attribute | Appropriate for |
|---------------------|---|
| Term loan | Retail clients that want to repay their loan over a medium to long term period (up to a maximum of 30 years). |
| Minimum loan amount | Retail clients who want to borrow a minimum amount of \$5,000 |

| Attribute | Appropriate for |
|---|---|
| Residential Investment | Retail clients who will use the residential property acquired with the loan as a residential investment residence. This product may not be suitable for retail clients who will use the residential property to live in as a principal place of residence. |
| Interest only period (prior to regular repayments of principal and interest) | Retail clients who want to pay interest only for a specified period at the start of their home loan (up to 5 years). After which, regular scheduled principal and interest repayments will be required for the remaining loan term. Retail clients can choose from weekly, fortnightly or monthly payment frequencies. |
| Fixed interest rate | A fixed interest rate means the interest rate will remain the same for a nominated period. At the end of that period, the retail client can nominate a new period, otherwise the home loan will convert to a variable rate loan. |
| Early repayments and redraw | Retail clients who do not require the flexibility to make additional repayments over the specified cap without incurring an extra fee or charge. Additional repayments during the fixed rate period are capped at 20% of the principal amount lent to the retail client. Repayments above this cap, or changes to the fixed rate period (e.g. ending it early), may incur additional fees or charges (e.g. break costs). Retail clients can access additional repayments through the redraw function in internet banking. |
| Access to other features | Retail clients who may want access to other features (including a linked offset account) and are willing to pay additional fees or charges to access them (if applicable). |
| Security over residential property | Retail clients that can use the residential property they have acquired with the loan as security for it. |
